

INDUSTRIAL SINGLE PHASE COMPRESSORS

Quiet by design these single phase compressors feature large steel intake filters and low rpm pumps. The space saving design has removable handles for the tightest spaces. With a low weight and high portability these units are ideal for on site jobs

13cfm | 70L TANK | 2.5hp 10amp

Model BC13-70L Single Phase

Pump Displacement	368L/min (13cfm)
Free Air Delivery	226L/min (8cfm)
Pump	2 Cylinder Cast Iron
Electric Motor Power	1.8kw (2.5hp)
Maximum Pressure	860kpa (125psi)
Tank Volume	70 Litres
Dimensions (less handle & wheels)	1040x485x730mm 920x370x705mm
Nett Weight	87kg

**UTE MOUNTING
BRACKETS**
Easy vehicle mounting.

18cfm | 100L TANK | 3hp 15amp

Model BC20-100L Single Phase

Pump Displacement	509L/min (18cfm)
Free Air Delivery	326L/min (11.5cfm)
Pump	3 Cylinder Cast Iron
Electric Motor Power	2.2kw (3hp)
Maximum Pressure	860kpa (125psi)
Tank Volume	100 Litres
Dimensions (less handle & wheels)	1330 x 500 x 810mm 1120 x 500 x 810mm
Nett Weight	107kg

FILTER OPTION

**Optional Filter
Water Trap Kit**

Includes:
Handle mounting
bracket, bolts,
hose tails, hose
and clamps.

Model BFR10K
