

NS-FX Fork Extension Slippers

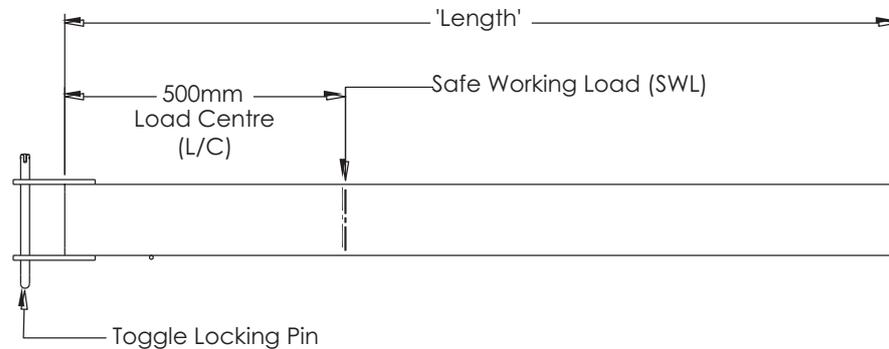

The type NS-FX Fork Extension Slippers have been designed with a slim profile to extend the versatility of your Lift Truck. These Slippers have been designed and manufactured in accordance with AS2359.15.

In accordance with AS2359.15 Slippers used for general usage should be no longer than the supporting Tyne's length divided by 0.6. For example, if your existing Tyne length is 1070mm, then dividing by 0.6 gives you a maximum allowable Slipper length of 1783mm. If the Slippers are longer than the Tyne length divided by 0.6, then the usage of those Slippers shall be restricted to their specified application.

SPECIFICATIONS:

- Made of High Tensile Grade Steel
- Safety Orange painted Finish
- High Working Load Limit (WLL) Rating
- Safety Bracket included in design
- Supplied with Toggle Locking Pins
- Fitted with Rating Plate
- Supplied with Instructions
