### Description

Place the Inserta Clamps into the 16mm holes on the BuildPro®; Tabletop for fast and easy clamping. The Inserta Clamps automatically lock into the table holes for quick-set hold down clamping.

Place the Inserta Clamps into any of the holes on the sides or tops of the Riser Blocks, or Economy Stops and Clamping Squares, for clamping in the vertical or horizontal position, at any height.

Clip the optional Top V-Pads onto the top spindle to clamp round or angled stock. Remove the clamp arm by depressing the spring stop, and slide the Sidekick attachment onto the clamp bar, followed by the clamp arm, for two point horizontal and vertical clamping force.

Add the optional top V-pad to the Inserta Clamp jaw to hold round, square, flat, and angled stock.

The very practical, modular design of the BuildPro®; Table makes it easy to set-up and tear down for job at hand, big or small. Save time and money by holding, positioning and locating quickly and easily with a wide variety of BuildPro®; clamps and accessories.

All BuildPro®; Tables have 16mm thick steel plate with &Oslash;16mm holes in a 50mm grid pattern. All tables, except BuildPro®; MAX, have 40mm slots between plates.

### Specific Features

Instant Clamping into any Hole on the BuildPro Tabletop

Used in Combination with a Straight Edge Stop and V Block to Hold a Round Tube

Inserta Clamps are an ideal choice in terms of easy of use affordability

Inserta Clamps can be used in any orientation
