Barcode	9336493008539

Diesel-powered fire pump for around the farm.

The Cromtech twin impeller pump is perfect for around the farm. It can also be used for fire fighting, washing down machinery and general-purpose water transfer making it a good all-rounder. The model comes electric start for quick and easy starting.

Electric start allows an operator the simplicity of turning a key to start the pump. The model is suitable for transferring water from ponds, dams and water tanks quickly and efficiently.

The pump outputs a maximum of 250 litres of water per minute at a total head of 75m with its twin impeller pump.

If this pump does not suit your requirements, we also have a wide range of pumps you can view [here](#).

Our Cromtech products come standard with a one year warranty with Australia wide support

IDEAL FOR

- Fire fighting
- High-pressure water pumping
- General-purpose water transfer
- Emptying or filling ponds, dams and water tanks
