

Earth Machinery Used Sales was first established January 2015
by husband and wife team Daniel and Melanie Neill.

Daniel has a background in the machinery industry that stretches back some 12 years,
which gives us quite a wealth of knowledge when it comes to most pieces of machinery,
and what we don't know we will more than happily find out for you.

We are Used Equipment Brokers based in Townsville, North Queensland.
The concept of our business is to network used equipment for sale,
with a personalized professional service.

Predominately we deal in Machinery, Trucks, Trailers & Attachments.
We can also offer quotes on any New Machinery Attachments and Machinery Tracks.
Don't hesitate to ask us about other products you would be interested in selling or buying.
No request is too big or small and we will do our very best to sell it for you, or find it for you.

We can also help with Finance and Freight quotes.

Our inventory list is available on emus.machines4u.com.au
Email us at sales@emusnq.com and we will send it in a PDF format.
If you would like to supply us with your email address, we will add you to our
monthly mail out, which will have our most up to date Inventory List attached.

Our greatest asset to date has been word of mouth recommendations.
Please tell your friends about us!

Cheers Dan & Mel
