### Description

NEW REVERSIBLE SELF-LOCATING TABLE PLATES!

Use these Individual Plates to extend the length or width of your BuildPro® Welding Table. Attach Plates using BuildPro® Riser Blocks, or Connector Plates.

Use individual plates to extend the length or width of the BuildPro® Table.

BuildPro® Plates are precision ground steel, .625" thick.

The BuildPro's plate, slot, and hole system provides unlimited options in fixturing.

The very practical, modular design of the BuildPro® Table makes it easy to set-up and tear down for job at hand, big or small. Save time and money by holding, positioning and locating quickly and easily with a wide variety of BuildPro® clamps and accessories.

All BuildPro® Tables have 16mm thick steel plate with Ø16mm holes in a 50mm grid pattern. All tables, except BuildPro® MAX, have 40mm slots between plates.

### Features

- Standard material finish
- Ø16mm holes
- 16mm plate thickness
- 1000 x 160mm Individual plate
- Ø22mm plate mounting holes, will require additional locating bushes & cap screws
