

1100MM SWEEPING PATH

Battery Operated Ride On

- Twin Roller System [TRS] ensuring highly efficient collection of rubbish.
- Polypropylene double row main brooms are standard to assist with the sweep action meaning a one pass sweep in heavy conditions, saving time and costs.
- Convenient for both outdoor and indoor use.
- Smooth-running, making it great for use on carpets and multi surface environments.
- High performance suction system for reduced dust discharge into your working environment - Good for OH&S purposes.
- Dust extraction with 900 m³/h air volume with a 4 m² dust filter.
- Excellent ramp-climbing ability for easy transport.
- Chain driven, ensuring no belt slippage, with minimal maintenance required and benefit cost of ownership.

OPTIONS AVAILABLE

- High dump - Easy debris disposal - lifts upto 1280mm.
- Petrol & LPG.
- Vacuum wand attachment.
