SPECIFICATIONS

This pure sine wave inverter is a cost-effective way to a backup power supply to your home or business. This versatile machine can also be primary power on your coffee van, food van, caravan, motor home, home or campsite with enough juice to run everything you need while not drowning out nature or your neighbours.

Key Features:

- **Pure Sinewave Output:** Giving very clean power output
- **The Power You Need:** Autothrottle control increases RPM on demand
- **Low Fuel Usage:** Economy mode spares your wallet
- **Digital Display:** Shows all generator power outputs and runtime
- **Long-Running:** Less frequent refills thanks to a large fuel tank
